

WEDNESDAY, MAY 18

RAIN BARREL WORKSHOP

Join us for a comprehensive rain barrel workshop! Learn how to build, install, maintain and even decorate your own rain barrel. Rain barrels capture excess water during a rain event, storing it for lawn and garden watering and other uses during dry periods. **There are a limited number of discounted rain barrel kits, limit two discounted kits per household.** Registration form and payment must be received by 5 p.m. May 11.
